

Novak Sanitary Service

5000 W. 8th Street • Sioux Falls, SD 57107 Commercial • Residential • Construction

Large enough to offer everything. Small enough to still care.

Phone: 605.338.7126 • Fax: 338.2837 • www.novaksanitary.com

Valued Novak Customer,

As you may have recently seen in the news, there are some changes to the recycling industry that have begun to impact local hauling operations and our business. Our local recycling processing facility, Millennium Recycling, has re-evaluated some of the materials they have taken in the past and are making some changes to acceptable recycling materials. Along with the changes of acceptable materials they will also be increasing their fees.

Effective immediately, Millennium Recycling will no longer accept plastic bags in the recycling stream. This change includes grocery bags, fruit and produce bags, household bags used to contain recycling, and similar light weight plastic bags. Due to these recycling industry changes, we ask that you no longer put these items in your recycling container.

More information on this material omission can be explored at Millennium's website
<http://www.millenniumrecycling.com/millennium-no-longer-accepting-plastic-bags/>.

Thank you for your recycling efforts and your business. We look forward to working together with our community and recycling facilities to create a more sustainable future.
